ABRIDGED PROSPECTUS.

THE Company has been formed for the purpose of constructing, equipping, and working a series of Low Level Steam Trains in the City of Victoria, Hongkong.

Two Special Ordinances (Nos. 6 and 13 of 1883) have been passed by the Legislative Council, and the Government authorizing the construction and working of the same.

Victoria is very favourably adapted for Trains, owing to its configuration, the easy gradients of its principal streets, (the main thoroughfare, from the East to the West ends, along which the Trains will be laid), and the immense incessant traffic.

The Trains will be constructed in the best and most substantial manner, and with all the latest improvements, with steel guide rails, bedded in concrete, but no wood or other perishable material will be used.

The engines will be constructed according to the Board of Trade regulations and will not only be a nuisance, being almost noiseless, and having no machinery, smoke, or steam visible.

The Committee anticipate, from the relatively low cost per mile of the projected Trains, combined with other numerous advantages connected with the undertaking, that the dividend returns will be satisfactory.

There is no agreement or contract in existence affecting this undertaking. Plans and Estimates may be seen at the Office, and the Full Prospectus and Form of Application for Shares and every other information may be obtained from the SECRETARY LTD ENGINEERS, No. 13, PRAYA CENTRAL, HONGKONG.

Applications for SHARES will be received until the 30th SEPTEMBER. Hongkong, August 7, 1884. 1319

This Standard Work on the Chinese
Language, constructed on the basis of Kangxi's
Imperial Dictionary, contains all Chinese
characters in practical use, and while al-
phabetically arranged according to the sounds
of the oldest dialect of China, the Can-
tinese, it gives also the Mandarin pronun-
ciation of all characters explained in the
book, so that its usefulness is by no means
confined to the Cantinese Dialect, but the
work is a practically complete Thesaurus of
the whole written Language of China, an-
cient and modern, as used all over the
Empire, whilst its introductory chapters
serve the purposes of an etymological guide
to the student.

A Supplement, arranged for being bound
and used by itself, and containing a List
of the Radicals, an Index, and a List of
Surnames, will be published and sold

"SULPHOLINE LOTION."
AN External Means of CURING SKIN
DISEASES. There is scarcely any
eruption that will yield to "Sulpholine" in a
few days, and commence to fade away, even
if it seems past cure. Chronic pimples,
eczema, blotches, scurf, ringworms, various
disorders, that have plagued the sufferer
for years, however deeply rooted they may
be, "Sulpholine" will successfully attack
them. It destroys the animalcules which
cause these unsightly, irritable, painful
eruptions, and always produces a clear,
healthy, natural condition of the skin.
"Sulpholine" Lotion is sold by most Chem-
ists. Bottles, 2s. 9d. Made only by J.
PERRIN & Co., London.
